Professional Profile

Self-motivated and hardworking postgraduate seeking an opportunity to work in a challenging environment to prove my coding skills and utilize my knowledge of various databases for the growth of the organization.

Education

Digital University Kerala-Trivandrum,Kerala 2023-2025	MSc Data Analytics and computational science
Assumption college(MG University)-Kottayam,Kerala 2020-2023	BSc Mathematics
ST Thomas HSS Amboori-Trivandrum,Kerala 2018-2020	Higher secondary

Skills

- Python
- C programming
- R programming
- Data Analysis
- Data visualization in matplotlib
- Problem Solving
- Communication skill

Projects

- Entity/KeyPhrase Extration from Disaster Tweets -Developed a system using NER to extract key entities (locations, organizations) from disaster-related tweets, aiding in real-time disaster response and analysis. Implemented in Python with SpaCy and NLTK for automated data extraction from social media.
- Speech Emotion Detection -Implemented different ML models to detect emotions from speech and also provide a comparison between these ML models to understand the various metrics.
- Fisher Assist AI Chatbot -Developed a chatbot for fisheries-related queries using Flask for backend API, HTML/CSS/JavaScript for frontend design, and MySQL for database management. Integrated web scraping (BeautifulSoup, Scrapy) for real-time data from websites like FIMS and MATSYAFED, and implemented voice assistance with Google Text-to-Speech (gTTS) in Malayalam.

Certifications

- Introduction to Data Visualization by ACM IIIT Kottayam(2022)

Leadership and Volunteering Activities

- Volunteer in Red cross Society, India 2015-2020

Courses/ Workshops

- Learn to code - Raspberry Pi
- Introduction to Data Analytics on Google Cloud from Google
