EDUCATION

M.Sc Computer Science with Specialization in Data Analytics(Pursuing) Digital University Kerala	Sept 2023 – June 2025 Thiruvananthapuram,Kerala
B.Sc Mathematics (CGPA-8.689) Bishop Moore College University Of Kerala	June 2020– May 2023 Mavelikara,Kerala
12th Grade (Percentage - 95.83 %) Bishop Hodges Higher Secondary School Government of Kerala Board of Higher Secondary Examinations	June 2019– March 2020 Mavelikara,Kerala
10th Grade (Percentage - 84.16 %) Mathews Mar Athanasius Residential School Indian Certificate of Secondary Education(ICSE)	June 2017– March 2018 Chengannur,Kerala

EXPERIENCE

'Data Analyst Intern' Unified Mentor	July 2024-August 2024
Assisted in collecting, processing, and analyzing datasets to provide actionable insights.Developed and maintained dashboards and reports using Power BI to support business decision-making. Gained hands-on experience in data visualization, statistical analysis, and reporting.	

PROJECT EXPERIENCE

Project on 'Finite Automata' Project, Bishop Moore College	June 2022-May 2023 Mavelikara, Kerala
We aim to learn automaton and two different types of automata. The major objective of automata theory is to develop methods by which computer scientists can describe and analyze the dynamic behaviour of discrete systems, in which signals are sampled periodically.We take a look at the central concepts of languages, grammars,automata and types of automata.	
'Custom Named Entity Recognition for Indian Legal Domain' Project, Digital University Kerala	March 2024-June 2024 Trivandrum, Kerala
Developed a custom NER model to streamline case identification for judges and lawyers in the Indian legal system. It enhanced the efficiency of legal document analysis, enabling quicker case identification and decision-making.	
'Analyzing wind patterns around Digital University Kerala: Feasibility study of harnessing wind energy' Project, Digital University Kerala	
Investigated the feasibility of harnessing wind energy within the university campus to develop a comprehensive renewable energy plan.	

ONLINE COURSES AND CERTIFICATIONS

- Certificate Course On 'Power BI A-Z: Hands-On Power BI Training For Data Science!' from Udemy
- 'Google Cloud Career Launchpad Data Analyst track' from Google Cloud Skills Boost
- Certificate Course on 'Statistical tools using Excel and LaTeX Software for Project Preparation'

VOLUNTEERING

- Student Coordinator of Bhoomithrasena Club at Bishop Moore College, Mavelikara, Kerala, India
- Member of Social Engagement Cell at Digital University Kerala, Trivandrum, Kerala, India

SKILLS

- **Programming:-** Python, C++, Java
- **Database:-**MySQL,Postgresql
- **Web Development:-** HTML, CSS, Javascript
- **Tools and Technologies:-**LaTeX, Geany, Gephi, Microsoft Power BI
- **Operating System:-**Windows, Ubuntu
- **Data Analysis:-**Numpy, Panda
- **Soft Skills:-**Time Management, Communication, Adaptability, Creativity

LANGUAGES

- Malayalam
- English
- Hindi
