PROFESSIONAL EXPERIENCE

Data Scientist- Intern

OSPYN

08/2024 – present

Thiruvananthapuram,
Kerala

- On-site

PROJECTS

Resume Parsing Using Spacy

- Developed an advanced resume parsing system using Spacy for Named Entity Recognition (NER).
- Built the final model using BERT to enhance extraction accuracy.
- Deployed the model in Streamlit, enabling swift and accurate candidate evaluation.

DACE PROJECT 2024 -

- Developed a map-based web application to connect panchayats and citizens using HTML and CSS.
- Integrated geotagging and direct communication features for efficient interaction.
- Currently working on database integration to enhance functionality.
- Also working to develop a mobile App using native react

British Airways Data Science Simulation

- Conducted web scraping using BeautifulSoup to gather customer review data.
- Performed data analysis, sentiment analysis, and created word clouds.
- Developed a predictive model using machine learning techniques to enhance customer insights.

TrustCheck - AI News Verification Description:

- Developed an AI-powered platform for verifying news authenticity.
- Implemented News classification model which is based on Distill bert
- Utilized various models like XG Boost ,random forest,SGD ..etc for fake news detection.

Next-Generation Heart Attack prediction

- Created a machine learning model to predict heart attack risk using health checkup data and ECG images.
- Employed deep learning techniques with ANN, TensorFlow, and Keras.
- Experimented with advanced models like XGBoost, incorporating both CNN and ANN techniques for improved accuracy.

DUK MealMate: Chatbot Coupon system

- Created a web-based chatbot application using Flask, HTML, and CSS.
- Implemented a conversational interface for seamless meal coupon purchases.
- Captured user details and dietary preferences to generate personalized coupons.

EDUCATION

MSc Data Analytics and Bio Ai

Kerala University of Digital Sciences, Innovation and Technology (Digital University Kerala) [↗](#)

present
Trivandrum

BSc Botany

Bharata Mata College (Mg University)
Cgpa : 8.7

2023
Ernakulam

Class XII

Kerala State Board
Percentage : 91.25%

2019
Ernakulam

Class X

Kerala State Board
percentage : 98%

2017
Ernakulam

SKILLS

- | | | |
|--------------------|----------------------|------------------------|
| • R programming | • SQL | • Python |
| • Numpy | • Pandas | • Power BI |
| • Looker | • Feature Extraction | • Predictive Analytics |
| • Machine learning | • Deep learning | • NLP |
| • Scikit learn | • Bert | • Tensorflow |
| • Problem solving | • Communcation | • Creativity |
| • postman | • Flask | • streamlit |

CERTIFICATES

- | | |
|--|--|
| • Google Cloud Career Launchpad Data Analyst track | • Analyzing and Visualizing Data in Looker ↗ |
| • Data science in FMCG ↗ | • Introduction to Generative AI ↗ |
| • Developing Data Models with LookML ↗ | • Prepare Data for Looker Dashboards and Reports ↗ |
| • Manage Data Models in Looker ↗ | • Derive Insights from BigQuery Data ↗ |
