

NIKHILA L S

9567525586 | nikhila9567@gmail.com | linkedin.com/in/nikhila-l-s | github.com/nklaahhh

CAREER OBJECTIVE

Skilled data analyst with expertise in AI-driven solutions, statistical analysis, and data visualization. Proficient in SQL, Python, and Excel, with a strong background in deep learning and NLP, aiming to bridge data and actionable insights in a forward-thinking organization.

TECHNICAL SKILLS

Python, Data Structure Algorithm, PyTorch, Sklearn, SQL, R, NumPy, Pandas, Scikit-Learn, TensorFlow, Visual Studio code, Git, Power BI, Microsoft Excel

PROJECTS

Fire and Smoke Detection using CNN 2024–Present

Deep Learning Project

- Developed a CNN model for real-time fire and smoke detection to aid early disaster response.

Predictive Policing using Generative AI 2024–Present

Machine Learning Project

- Applied generative AI for analyzing and predicting patterns in resource allocation for policing.

Disaster Tweet Classification 2024

NLP and ML Project

Python, BERT, NLTK

- Built a disaster prediction model classifying tweets, using BERT, Random Forest, and Logistic Regression.

Custom NER in Indian Legal Domain 2024

NLP and DL Project

Python, Spacy

- Developed an NER model to identify and classify legal entities in Indian court rulings.

Image and Text-Based Tumor Classification 2024

Deep Learning Project

Python, CNNs

- Developed a model to classify tumors as benign or malignant using text and image data.

Impact of Remote Work on Productivity 2022

Statistics Project

R, Excel

- Analyzed effects of remote work on productivity, satisfaction, and well-being.

EXPERIENCE

Data Science Intern 2024

Prodigy InfoTech

- Conducted data cleaning and EDA.
- Developed and implemented a decision tree classifier.
- Analyzed sentiment patterns in social media data.

EDUCATION

Kerala University of Digital Sciences, Innovation and Technology Pallipuram, TVM

Master of Science in Data Analytics and Bio AI

2023–Present

Christ Nagar College, Maranalloor, TVM Overall Percentage: 70.77

Bachelor of Science in Statistics

2019–2022

CERTIFICATIONS

Google Cloud – Generative AI Learning Path

Google Cloud – Data Analyst Learning Path

Webinar on Introduction to R Programming, Christ Nagar College

International Conference on Mathematical and Statistical Sciences, 2021

National Webinar on Data Analytics, Career, and Prospects, 2021

3-day International Conference on Productive Mathematical Discourse, Christ Nagar College

PERSONAL TRAITS

Enthusiastic

Problem Solver

Teamwork-Oriented

Ethical and Loyal
