A highly motivated Data Analytics postgraduate student with a strong background in mathematics, seeking a challenging position to utilize analytical skills, communication abilities, and a team-oriented approach to contribute to a dynamic organization's success.

SKILLS:

- Data Analysis
- Programming Languages: Python, R
- Big Data Tools: Hadoop, Spark
- Machine Learning
- Deep Learning
- Team collaboration
- Time Series Analysis
- Mathematical Skills
- Data Visualization & Reporting
- Statistical Methods
- Commutation Skill

PROJECTS

- **Skill Extraction from Public Job Postings:**
 - **Tools:** spaCy, NER
 - **Description:** Extracted skills and visualized insights with Streamlit.
- **Social Media User Analysis:**
 - **Tools:** NLTK, spaCy
 - **Description:** Analyzed Twitter and Instagram for sentiment, topics, and user profiling.
- **Climate Change Impact Prediction:**
 - **Objective:** Predict climate change effects on environmental factors using ML techniques.
- **Automated Attendance System:**
 - **Objective:** Automate attendance via facial recognition.
 - **Tech:** CNNs, Python, OpenCV, TensorFlow, Keras.

WORK HISTORY:

2024-10 to 2024-11

- Internship
 - Prodigy, Online

EDUCATION:

2023 – 2025

Master of Science: Data Analytics and Computational Science

Digital University of Kerala

2019 - 2022

Bachelor of Science: Mathematics

University of Kerala

CERTIFICATIONS:

- Google Cloud career readiness certification in Data Analyst Track
- Data Science internship completion certificate from Prodigy Infotech
- Data Analytics and Visualization Job Simulation certificate of completion by Accenture
- Data Visualization Completion certificate by TCS
- BCG X Data Science certificate

LANGUAGE:

- English
- Malayalam
- Hindi

EXTRACURRICULAR ACTIVITIES:

- House Prefect, Kendriya Vidyalaya SAP – 2018-2019
- Third position for Margam Kali, Kerala university Youth festival- 2020
- House Vice-captain, Digital University Kerala – 2024-2025
