Profile

Currently pursuing an MSc in Data Analytics with a specialization in Computational Science, actively seeking opportunities to apply my skills and knowledge in the dynamic field of data science. As an enthusiastic and motivated fresher, I am eager to leverage my academic background and practical experience to tackle real-world challenges and contribute effectively to the field.

Professional Experience

Data Science Intern, Prodigy Infotech

Gained practical experience in data analysis, machine learning, and data visualization. Performed data cleaning, analysis, and visualization on large datasets, and developed machine learning models to generate predictive insights.
