Profile

Motivated and dedicated Mathematics graduate currently pursuing an MSc in Computer Science with a specialization in Data Analytics at Digital University Kerala. Proficient in applying advanced statistical techniques and programming languages such as Python to analyze complex datasets and derive actionable insights. Skilled in SQL. Demonstrated ability to transform raw data into meaningful narratives, driving informed decision-making processes. NCC C Certificate A Grade Holder, showcasing discipline and leadership qualities. Eager to apply expertise in data analytics to solve real-world challenges and contribute to a dynamic team in a data-centric environment.

Education

Masters.....	
Digital University Kerala	Thiruvananthapuram, Kerala
MSc Computer Science Specialization in Data Analytics	2023–2025
Bachelors.....	
Assumption College	Changanassery, Kerala
BSc Mathematics(CCPA-8.35)	2020–2023

Projects

Fuzzy Sets and Fuzzy Arithmetic	Changanassery/Team
	2023
The degree final year project at Assumption College, Changanassery, from Dec 2022 to Apr 2023, explored fuzzy logic for handling uncertainty. It focused on fuzzy sets and arithmetic, aiming to develop robust systems for various applications like control systems and artificial intelligence.	
Custom Named Entity Recognition For Indian Legal Domain	Digital University Kerala
	2024
This project has focused on the development and deployment of a custom Named Entity Recognition model specifically in the legal domain within India. These systems could be trained using deep learning on labeled legal entities extracted from Indian court rulings to result in high precision for identifying and classifying complainants, defendants, attorneys, magistrates, dates, and tribunals. This study brings out the key role of domain-oriented NER models in improving the overall application of law in elevating functions like information retrieval, text summarization, and document management.	

Online Courses & Certifications

- Google Cloud Career Launchpad Data Analyst Track
- Linux Certification of Completion (Dec. 2023) - Chegg India

Skills

- **Data Analysis:** Numpy, Pandas
- **Data Visualization:** Matplotlib, Seaborn
- **Programming Languages:** Python
- **Web Development:** HTML, CSS
- **Database:** PostgreSQL
- **Software:** Gephi
- **Operating System:** Ubuntu, Windows

- **Soft Skills:** Presentation, Planning, Organization, Creative Problem-Solving, Teamwork, Active Listening, Adaptability, Analytical Thinking

Languages

- **Malayalam** [Native]
- **English**
- **Hindi**
