

Thejas Haridas

Aspiring **Data Analyst** pursuing a Master's in Computer Science with a specialization in Data Analytics. Armed with a strong foundation in Python programming and machine learning concepts, I have successfully tackled real-world challenges through academic projects in Natural Language Processing (NLP) and document processing. Currently enhancing practical skills as a Research and Development intern, working with OCR technology to automate document analysis.

Experience

Research and Development Intern

Digital University

June 12, 2024 – Present

- Collaborated with a team to analyze candidates' experience certificates, utilizing Tesseract OCR to extract and verify data.
- Ensured data integrity and accuracy throughout the analysis process.

Soft Skills

Analytical | Collaborator | Leader | Adaptable

Technical Skills

- **Primary Skills:**
 - Python(Pandas, Scikit-learn, TensorFlow)
 - SQL, Power BI
 - OCR (Tesseract)
- Familiar With:
 - OpenCV, NumPy
 - Streamlit, Gephi
 - Label-studio

Projects

- **Detecting Signs of Depression from Social Media Text**
- **PDF parser and Q & A system using Lamaparse**

Publications

- **Audio Encryption using Chaotic system**
(<https://www.sciencedirect.com/science/article/pii/S2773186324000884>)

Academic Details

- **Higher secondary education in Bio math**
Marthoma Higher Secondary School (Passed with 92%)
- **Bachelors in Physics and Computer Application**
Sree Narayana College, Kollam
(2020-2023)
- **Master in Computer Science specialization in Data Analytics**
Kerala University of Digital Science Innovation And Technology, Mangalapuram;
(2023-2025)

Languages

- **English**-proficient in reading, writing, and speaking
- **Malayalam**- proficient in reading, writing, and speaking
- **Hindi**- proficient in reading and speaking

Achievements

- Been second runner up ideaton conducted by Mozilla foundation on the topic responsible Ai.
